

LCFD#3 Wildland Contract

At the closest board meeting following the submission of all wildland paperwork, Laramie County Fire District #3 will pay 80% of the dollar amount totalled from form Exhibit B and the per diem rate the firefighter received. Thus resulting in a maximum waiting period of 4 weeks for 80% payment. (Unless approval by Wyoming State Forestry finance occurs at this time, in which 100% of the submitted forms would be paid). The remaining 20% will act as a buffer, should an issue arise that the submitted paperwork amount is incorrect. If the 20% does not cover the incorrect amount paid by LCFD#3, the firefighter must pay back the remaining amount to correct the problem. Should no problems arise within the paperwork submitted, the firefighter will receive the remaining 20% at the board meeting closest to the approval of the paperwork by WY State Forestry. The Wildland Coordinator at LCFD#3 will keep records on dollar amounts paid and those still needing paid.

Example:

Firefighter B returns from a 2 week roll on the 3rd Monday of the month. Paperwork for this fire is completed and submitted the next day, Tuesday. Since LCFD#3 board meetings occur on the 2nd Monday of each month, Firefighter B will wait 3 weeks to be paid 80% of the total (unless Wy State Forestry approves within those 3 weeks, in which case 100% will be paid). The remaining 20% will be paid following the approval of all paperwork by WY State Forestry, at the closest board meeting.
